

Budget Lock
Standard on most doors, operated with a plastic Tee Key.

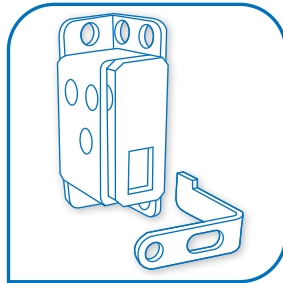

Tamper-proof Lock
High security lock with key operation.

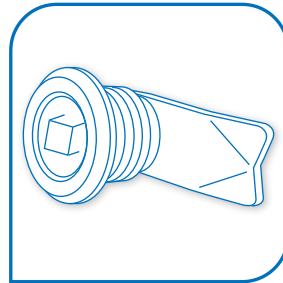

Key Lock
A cylinder lock operated by a key for extra security.

Three-way Locking
A tongue locks the panel centrally with 2 rods locking into the sides of the frame. Operated in one turn by a Tee Key.

Touch Catch
Heavy duty pressure latch.

Quarter Turn Lock
Operated by a coin or a flat headed screwdriver.

Locking Options Selector S = Standard O = Optional
